Participating Organisations

Only organisations holding a valid Erasmus+ VET Mobility Charter may apply for VET mobility projects by using this shortened application form (KA116). Please complete the section below by first answering the question about the mobility consortium and providing your organisation's ID. Based on this information the system will provide your VET Mobility Charter code.

If your organisation is not a VET Mobility Charter holder, you may still apply for a VET mobility project by using the standard application form (KA102) available in the Erasmus+ applications portal. In case your organisation does hold a VET Mobility Charter, but the charter code is not found by the system, please contact your National Agency.

Are you applying on behalf of a mobility consortium?

No

Please note that the Organisation ID has replaced the PIC as the unique identifier for the organisation to apply for Erasmus+ and European Solidarity Corps actions managed by National Agencies. Organisations that have a PIC and have previously applied for funding in these programmes through the National Agencies have been assigned an Organisation ID automatically. Please use the Erasmus+ and European Solidarity Corps platform to check an Organisation ID, update information linked to it or register a new organisation:

Activities

List of Activities

Please choose the types of activities you would like to implement in your project. Once you have selected the activities you want, please fill in the table below. To submit a valid application, you need to request at least one activity from this list.

ID	Activity	Total number of Participants	Average duration per Participant (days)	Total number of Accompanying Persons	Requested Grant
A1	Mobility of VET learners (2 weeks up to 3 months)	120	35	20	300.368,00 EUR
A2	ErasmusPro - Mobility of VET learners (3 to 12 months)	30	150	0	220.650,00 EUR
A3	Advance Planning Visits - ErasmusPro	3	3	0	1.875,00 EUR
Total		153	56.92	20	522.893,00 EUR

Please note that the average duration is based on the duration requested for individual support in the details of particular activity.

Mobility of VET learners (2 weeks up to 3 months) Activity

Please provide an estimate of the number of participants that will take part in this type of activities.

All participants that will receive Individual Support or Travel grant from Erasmus+ should be included in the "Number of Participants requiring a grant".

In case you plan to include additional participants in the project, who will receive travel and individual support funding from a different source, you may specify them as "Participants not requiring a grant". Your organisation can receive organisational support for these participants if their mobility is organised under the same conditions as for other project participants and is eventually reported in the project's final report.

Finally, please consider that accompanying persons (e.g. assistants of persons with special needs or adults accompanying minors) are not considered to be participants in learning activities. Funding may be requested for accompanying persons under 'Individual Support' and 'Travel' sections below, but please do not include them in numbers of participants specified in this section.

Budget

Please fill in the following sections to create an estimated individual support and travel budget for this type of activities.

During project implementation estimated budget for specific activities and categories of costs, as well as the number of participants and average duration may be adjusted. However, the total budget requested for the project may not be increased at a later stage.

Individual Support

Please estimate the duration of stay for participants requiring an individual support grant to calculate the requested grant.

The requested grant is estimated based on the average duration and number of participants. To a certain extent, the actual number of participants and duration of activities may change during the implementation of the project. At the end of the project, its results will be evaluated by experts based on the target figures set here and the project's overall objectives.

The grant is calculated based on daily rates for three groups of countries as specified in the Programme Guide:

Group 1: Denmark, Finland, Iceland, Ireland, Liechtenstein, Luxembourg, Norway, Sweden, United Kingdom

Group 2: Austria, Belgium, Cyprus, France, Germany, Greece, Italy, Malta, Netherlands, Portugal, Spain

Group 3: Bulgaria, Croatia, Czech Republic, Estonia, North Macedonia, Hungary, Latvia, Lithuania, Poland, Romania, Serbia, Slovakia, Slovenia, Turkey

Please take into account that you may request additional individual support for up to one travel day before and after the activity. In case you plan to request funds for this purpose, include the additional travel days in your estimated average duration.

Country group	Number of participants	Average Duration per Participant (days)	Total duration (days)	Daily Grant rate	Estimated Grant
Group 1 Countries	36	35	1,260	72,00 EUR (50,00 EUR)	74.088,00 EUR

Linguistic Support

Linguistic support for learners in mobility activities is provided in two ways:

1. Through EU's online linguistic support platform (OLS)
2. In form of a financial grant (150 EUR per participant) to cover expenses such as classroom courses or learning materials for languages or proficiency levels that are not available in OLS. Online language courses are available for all proficiency levels in Dutch, English, French, German, Italian and Spanish. **Linguistic support for these languages cannot be provided in form of a financial grant.**

Online language courses for Bulgarian, Croatian, Czech, Danish, Estonian, Finnish, Greek, Hungarian, Latvian, Lithuanian, Polish, Portuguese, Romanian, Slovak, Slovenian, and Swedish are not available for all proficiency levels. For these languages, applicants may apply for a financial grant given that proficiency levels of the participants may not be known at the application stage. Financial grants may be replaced by an online language course during the implementation of the project, if appropriate.

In addition, the use of online linguistic assessment to determine the participant's level of language proficiency before and after the mobility is obligatory if the mobility will take place using any of the following languages: Bulgarian, Croatian, Czech, Danish, Dutch, English, Estonian, Finnish, French, German, Greek, Hungarian, Italian, Latvian, Lithuanian, Polish, Portuguese, Romanian, Slovak, Slovenian, Spanish, Swedish, Maltese or Irish Gaelic.

Please make sure to perform your estimations using the correct language list for the particular item.

For more information you may consult the OLS website: <http://erasmusplusols.eu/>

Organisational Support

Organisational support grant covers costs directly linked to the implementation of mobility activities that are not covered through specific grants for travel, individual support, linguistic support and special costs. For example, organisational support grant can be used to cover expenses for preparation, monitoring and support of participants, for setting up and administering mechanisms for recognition of participants' learning outcomes, for organising dissemination activities, etc. The grant for organisational support is calculated based on the number of participants in the project: 350 EUR per participant up to the 100th participant, and 200 EUR for each additional participant beyond that. Organisational support is not provided for accompanying persons or for staff in Advance Planning Visits.

Project Summary

Summary

Please give an overview of the main activities and developments that you foresee whilst implementing your internationalisation strategy. Also give an overview of developments and changes of scope of the mobility flows themselves. If applicable, explain the need for accompanying persons. The summary will be publicly available in case your project is awarded.

Il progetto MOVET - Mobility Opportunities for Vocational and Educational Training, promosso dalla Provincia di Reggio Emilia, prevede la realizzazione di 120 mobilità della durata di 5 settimane rivolte a studenti frequentanti le classi IV (VET learners) e 30 mobilità ErasmusPRO, della durata di 5 mesi, rivolte a neo-diplomati presso gli Istituti secondari di II grado del territorio provinciale.

I Paesi di destinazione previsti sono: Regno Unito, Irlanda, Francia, Germania, Austria, Spagna e Portogallo. Qualora, a seguito dell'uscita del Regno Unito dall'Unione europea, non ci fossero le condizioni per la realizzazione di mobilità in UK, le stesse verranno ridestinate in Irlanda, mantenendo invariato il livello formativo dell'esperienza.

All'interno del partenariato estero, l'Agencia Europea para la Movilidad Internacional coordinerà la rete di partner transnazionali intermediari; si tratta di enti che hanno sviluppato pratiche consolidate di gestione con la Provincia di Reggio Emilia, avendo condiviso la realizzazione di diversi progetti di mobilità VET learners. Si occuperanno di: matching e assegnazione tirocini idonei ai profili dei partecipanti; accoglienza e logistica; tutoraggio; monitoraggio in itinere e gestione di eventuali criticità; valutazione apprendimenti dei destinatari; stesura, compilazione e invio certificazioni finali.

Le mobilità VET learners saranno rivolte agli studenti delle classi IV (a.s. 2020/21) degli Istituti secondari di II grado di Reggio Emilia e provincia che avranno aderito al progetto, dietro proposta della Provincia di Reggio Emilia. I destinatari delle mobilità ErasmusPRO saranno invece selezionati dalla Provincia di Reggio Emilia a seguito di un avviso pubblico che verrà emesso e pubblicizzato sia a livello locale che nazionale e nel quale saranno indicate le modalità e i criteri di selezione.

In entrambi i casi, la selezione avverrà a seguito di un colloquio motivazionale e linguistico, volto a valutare i seguenti aspetti: motivazione; maturità ed attitudine; flessibilità e capacità di adattamento; competenze linguistiche.

Data la presenza di studenti minorenni, si prevede la presenza di accompagnatori per le mobilità VET learners, che saranno suddivise in 10 gruppi da 12 partecipanti, ciascuno dei quali sarà accompagnato da un docente, che a metà periodo si alternerà con un secondo accompagnatore. Si prevede inoltre l'organizzazione di 3 visite preparatorie per le mobilità Erasmus Pro, di cui una in destinazioni del gruppo 1 e due in destinazioni del gruppo 2.

Le principali attività del progetto saranno così strutturate:

- Project management (strutturato in 4 documenti principali: Piano di Coordinamento e Controllo, Piano di Apprendimento e Valutazione, Piano di Gestione della Comunicazione, Piano di Disseminazione e Valorizzazione);
- Preparazione tirocinanti (preparazione linguistica, tecnica, pedagogica e culturale);
- Individuazione e attivazione tirocini;
- Accompagnamento partecipanti minorenni e svantaggiati da parte di soggetti (docenti degli Istituti coinvolti) adeguatamente preparati;
- Monitoraggio in itinere ed ex post;
- Valutazione finale (esiti, progetto, buone prassi);
- Diffusione e valorizzazione.

I partecipanti al progetto avranno modo di sviluppare un mix di competenze trasversali (soft skills) e tecnico-professionali; queste ultime saranno definite, in termini di obiettivi di apprendimento, partendo dal fabbisogno espresso dalle imprese del territorio, rispecchiando la complessità e la diversificazione del tessuto economico locale, prevalentemente manifatturiero ma rivolto anche al terziario, alla valorizzazione del territorio e all'assistenza.

Il progetto MOVET intende rispondere anche ad un fabbisogno comune espresso a più livelli, quello di crescere e formare giovani aperti al confronto, che siano cittadini e futuri lavoratori europei, in un mercato del lavoro europeo più libero e integrato, superando barriere linguistiche e culturali che continuano ad ostacolare la mobilità transnazionale del mercato del lavoro UE e che a volte ostacolano anche i processi di internazionalizzazione e con essi la piena competitività del tessuto economico locale, composto per la maggior parte da PMI.

Attraverso questo progetto la Provincia di Reggio Emilia intende aumentare il proprio grado di internazionalizzazione e, indirettamente, anche quello delle scuole del territorio, tramite la costruzione di forme di cooperazione valide anche per

altri tipi di progettazione, ma soprattutto favorendo l'incontro tra il mondo dell'IFP e il mondo del lavoro, con l'obiettivo di sviluppare le capacità dell'education di rispondere in maniera efficace ai nuovi bisogni di professionalità e competenze espressi dal mercato del lavoro.

Please provide a translation in English. This summary will be publicly available in case your project is awarded.

The project MOVET - Mobility Opportunities for Vocational and Educational Training, promoted by the Province of Reggio Emilia, will implement 120 mobilities lasting 5 weeks for students attending IV classes (VET learners) and 30 ErasmusPRO mobilities, lasting 5 months, addressed to new graduates in secondary education schools of the provincial territory.

The countries of destination of the mobilities will be: United Kingdom, Ireland, France, Germany, Austria, Spain and Portugal.

If, following the Brexit process, it will not be possible to implement mobilities in the UK, these mobilities will be moved to Ireland, keeping the training level of the experience unchanged.

Within the international partnership, Agencia Europea para la Movilidad Internacional will coordinate the network of transnational intermediary partners; these organisations have developed consolidated management practices with the Province of Reggio Emilia, having shared the implementation of various VET learners mobility projects. They will be responsible for: matching and assigning traineeships suitable to the profiles of the participants; reception and logistics; tutoring; ongoing monitoring and management of any critical issues; evaluation of the learning of the participants; drafting, compilation and sending of final certifications.

The VET learners mobilities will be addressed to students attending IV classes (school year 2020/21) in secondary education schools of Reggio Emilia and its province which will have joined the project, upon proposal by the Province of Reggio Emilia. The beneficiaries of ErasmusPRO mobilities will be selected by the Province of Reggio Emilia through a public call, indicating the selection methods and criteria that will be issued and publicized both at local and national level. In both cases, the selection will take place following a motivational and linguistic interview, aimed at evaluating the following aspects: motivation; maturity and aptitude; flexibility and adaptability; language skills.

Given the presence of underage students, the projects foresees the participation of accompanying persons for VET learners' mobilities, which will be divided into 10 groups of 12 participants, each of which will be accompanied by a teacher, who will alternate with a second accompanying person halfway through the mobility period. It is also envisaged the implementation of 3 Advanced Planning Visits for the preparation of ErasmusPRO mobilities: one in group 1 destinations and two in group 2 destinations.

The main activities of the project will be structured as follows:

- Project management (structured in 4 main documents: Coordination and Check Plan, Learning and Evaluation Plan, Communication Management Plan, Dissemination and Valorisation Plan);
- Trainee preparation (linguistic, technical, pedagogical and cultural preparation);
- Identification and activation of traineeships;
- Tutoring of underage and disadvantaged participants by accompanying persons (teachers of the schools involved) adequately prepared;
- Monitoring in itinere and ex post;
- Final evaluation (outcomes, project, good practice);
- Dissemination and exploitation.

The participants will be able to develop a mix of soft and technical-professional skills that will be defined, in terms of learning objectives, starting from the needs expressed by the local companies, reflecting the complexity and diversification of the local production context, mainly manufacturing but also aimed at the service sector, at the assistance and at the promotion of the territory.

The project MOVET also aims to respond to a common need expressed at several levels, to grow and train young open-minded people, both citizens and future European workers, in a more open and integrated European labor market, overcoming linguistic and cultural barriers that continue to hamper the transnational mobility of the EU labor market. The same barriers that hinder the internationalization processes and with them the full competitiveness of the local economic context, mainly composed of SMEs.

Through this project the Province of Reggio Emilia intends to increase its degree of internationalization and, indirectly, also that of local schools, through the building of forms of cooperation valid also for other types of projects, but above all

fostering the meeting between VET and the world of work, with the aim of developing the capacity to respond effectively to the new needs of professionalism and skills expressed by the labor market.
