Erasmus Plan

Objectives

The following is the list of your Erasmus Plan objectives and your estimated yearly activity targets. Please consider these objectives carefully when requesting your activities in the next section. Above all, you should make sure that the activities you request can contribute to achieving your Erasmus Plan objectives - this will be one of the key measures for evaluating your activities once they are finished.

Objectives
Objective 1 : Potenziare il livello di competenza linguistica e le capacità di comunicazione in contesti lavorativi internazionali dei partecipanti
Objective 2 : Rafforzare l'acquisizione di competenze tecnico-professionali da parte degli studenti attraverso esperienze di PCTO all'estero
Objective 3 : Aumentare il livello di inclusione di partecipanti con special needs e/o fewer opportunities ad azioni di mobilità transnazionale
Objective 4 : Consolidare processi di valutazione, validazione e certificazione delle competenze attraverso strumenti regionali, nazionali ed europei (ECVET).
Objective 5 : Incrementare il livello di internazionalizzazione degli istituti e consolidare le competenze progettuali, gestionali ed amministrative dello staff
Objective 6 : Consentire ai docenti di acquisire, grazie a corsi strutturati ed attività di job shadowing, competenze circa la Didattica a distanza, le ICT e le metodologie didattiche innovative
Objective 7 : Sensibilizzare gli studenti all'esercizio di una cittadinanza europea attiva, con approcci interculturali e finalizzati alla promozione di un modello di sviluppo sostenibile

Planned activities

The following table shows your estimated yearly targets for number of participants.

These yearly activity targets are not obligatory. You will not be penalised if you request fewer activities than originally planned according to the table below. Working on your Erasmus Plan objectives is more important than reaching a specific number of participants. You are also allowed to request staff or learner activities even if they were not included in your accreditation application, as long as they contribute to your Erasmus Plan objectives.

Year	Estimated number of learners	Estimated number of staff
Year 1	160	40
Year 2	180	45
Year 3	180	45
Year 4	200	50
Year 5	200	50

Activities

List of activities

How does the budget request work?: The figures that you provide here will be used in the scoring of your budget request and will serve as your targets for implementation. If the National Agency is not able to provide budget for all of the requested activities, the targets included in your grant agreement will be adjusted accordingly. At the end of the grant agreement, your results will be evaluated based on the agreed target figures. For this reason, it is very important to make the most realistic request possible, rather than the most ambitious one. You do not need to provide a list of hosting organisations as part of your budget request. During project implementation you can freely decide which hosting partners you want to work with.

At the same time, flexibility is an important feature of the accreditation system. During implementation, the actual number of participants and duration of activities may vary. The key principle to keep in mind is that you should always be able to explain your choices in relation to your Erasmus Plan objectives

Please choose the types of activities you would like to implement in your project and complete the following table with the number of participants and duration for each type of activities you have chosen. In addition, you can request accompanying persons and preparatory visits where needed.

Before completing this table, make absolutely sure that you are familiar with descriptions and rules of each activity type as presented in the Erasmus+ Programme Guide. It is best to complete the table with the Programme Guide open.

Activity type	Number of participants	Total duration (in days)	Average duration (in days)	Number of accompanying persons	Total duration (in days) for accompanying persons	Average duration (in days) for accompanying persons	Total number of persons taking part in preparatory visits
Short-term learning mobility of VET learners	60	2100	35	10	180	18	0
Long-term learning mobility of VET learners (ErasmusPro)	16	1472	92	0	0	0	2
Courses and training	4	20	5	0	0	0	0
Total	80	3592	44,9	10	180	18	2

Activity details

Please define your targets for the following categories of participants. These targets will become a part of your grant agreement and some of them may be taken into account at budget allocation stage. For more information about the budget allocation criteria, please consult the Programme Guide and visit the website of your National Agency.

Exceptional costs and inclusion support for participants

In this section you may request Exceptional costs and Inclusion support for participants. As opposed to standardised unit costs applicable for other types of costs, these budget categories are funded based on actual expenses. These non-standard costs require specific description and justification in order to be approved. Before making a request, please read the funding rules in the Programme Guide to make sure the type of expense you are requesting is eligible.

Cost type	Activity type	Estimated number of participants requiring support	Description and justification	Estimated cost (EUR)	Support rate (%)	Eligible amount (EUR)
Total				0,00		0,00
